TO WHOM IT MAY CONCERN:

Mr. James Driskill has been a client of mine for Individual Psychotherapy since October 30, 2006. He has been attending Foothill AIDS Project's (FAP) "Living Well With HIV/AIDS" men's Support Group on a weekly basis since September 2006. He was self-referred for Individual Psychotherapy.

Mr. Driskill sought treatment for a high level of stress and anxiety primarily regarding his housing situation. He became homeless in Oakland earlier in 2006 and is currently residing with his family and extended Family in San Bernardino. In addition to his unresolved eviction in Oakland he was not able to secure immediate housing through the AIDS Housing Program in San Bernardino County due to a waiting period for each new applicant. These events resulted in Mr. Driskill experiencing a high level of anger and frustration.

While in both settings of therapy, Men's Support Group or Individual Psychotherapy, Mr. Driskill accepts the fact that he has an upfront, in your face style of confrontation. The men and I have come to realize that his style is primarily a reaction to his extreme level of frustration and we have learned not to be put off by his style. In these affirming settings he has learned to modify his style of confrontation which should continue to improve. I have also been impressed with how Mr. Driskill has sought out resources on how to understand and to cope more effectively while experiencing an almost complete lack of support from agencies and individuals. One such resource was the book "Please Understand Me: Character & Temperament Types", Kiersey, Davis and Bates, Marilyn.

His Mental Health and HIV Health status were both clinically affected by his housing crisis in Oakland and here in San Bernardino. He is currently responding well to the treatments and his prognosis is good. However, I believe that until there is an appropriate resolution (he wants an absolution) of his housing conflicts, he will remain in a vulnerable state regarding his overall HIV and Mental Health status.

Sincerely,

Howard W. Newsom PhD.

Thank you Tracy.replying in email.

Can I verify that you were or were not the one calling my number 307-757-**** that started yesterday.

As far as I know, I do not have an appointment scheduled because I want a differnt provider than Monica Flynn.

Did she receive the forwad information. For her email address, [I may have it wrong] I received "too many hops" errors, someone who knows that mail routing is routed to itself and not finalizing

a target inbox is typically the reason why this happens.

This is caused at your end.

Whatever reflection of non-communication, you leave on vacation without following through --- and you never notified me directly.

I had to interpret your vacation reminder. I am not putting my life of non-delusions on hold with no carrier of my message there for her to abuse herself to find a replacement for that "role" when you left. You left me hanging, for that I am disturbed at your not giving me a referral individually. You knew you were going on vacation and in the call to my mother, that obviously if you have actually read your email from beginning to end shows you I needed you all to realize the bias that is embedded into a recording that you may or may not have been aware that was taking place.

#1 complaint I have in your assessment --- detachment of reality of client-centered --- when this client here is extremely UNIQUE to the cyber-presence.

Are you telling me you all dumb and dim witted to technology?

Addressed in Techno-Realism as #8,

MEME 4.02

In this issue of MEME:

TECHNOREALISM

Over the past few months, I participated in the creation of a set of principles called "technorealism." It's a set of declarations meant to go beyond the bi-polar visions of cyber-utopianism and neo-Luddism. In another age, this would be considered a manifesto.

Now it is an open letter, a document which, through the Internet, takes on a fluid, dynamic form. Literally anyone can sign it, pass it on, and participate. Instructions on how to do this appear at the end of this message. If you like what you read, I urge you to forward it, to friends, colleagues, and other lists where appropriate.

Without further delay, let me introduce you to Technorealism.

David S. Bennahum, New York City, March 11, 1998.

8. Understanding technology should be an essential component of global citizenship.

In a world driven by the flow of information, the interfaces -- and the underlying code -- that make information visible are becoming enormously powerful social forces. Understanding their strengths and limitations, and even participating in the creation of better tools, should be an important part

of being an involved citizen. These tools affect our lives as much as laws do, and we should subject them to a similar democratic scrutiny.

====

If you cannot yourself or Ms. Flynn handle the technology advanced elements of my life as it compares to the real world

here and now, you need to find me someone in your organization that can. I MUST HAVE YOUR UNDERSTANDING AT A LEVEL CLIENT-CENTERED TO YOUR TELLING ME IN YOUR IGNORANCE OF OUR WORLD TODAY"

S --- YOU'RE INCAPABLE OF RECEIVING. ME AT REALISM LEVEL --- and for what I have actually sent and done up to the point of our last face to face, your escape of vacation, tells me you think this so far out there.

NO IT IS NOT --- -You're dishonorable ones holding yourselves to ignorance of a client-centered need to a hurtful standing fault --one more indelible act against me out of standard flow of communication that must or should be present.

MUST = you find someone you can handle it

SHOULD = apologize for the bias and misguidance that has

been placed here throughout my assessment of mental

stresses onto your presence of call recording with my

mother.... The stress is the lack of intelligence that I get to work with. SAME DAMN FUCKING EXUSE --- no one can be at my level ---- or can they ? A hidden presence of mind agenda

is either obvious in that recording, or you are a complete

non-sensible resource for me and I need to find someone

Like a real Doctor, who takes a real care such as Dr.

Howard Newsom did in my case long ago.

Of all the things in the world of know, Dr. However had less

skillful work of internet knowledge that I educated for ward

for that was what he and I decided need to happen.

I don't believe you all are idiots. I believe you all are hypocrites.

There is nothing further accept find me someone who can handle

the the content I have sent to you so far, [outside of yourself]

or [apologize] . --- The harassment elements have not stopped.

My stated intentions are what I said they are. I am going to get release of confidentiality for each one of these I can get most authoritative ID for through Truthfinder you denigrate down to nothingness in that call recording --- and have my case manager inquire to why they are irritating communications to me without pretense linkage or explanation otherwise. They are at all levels still harassing to the level a non-invited "dishonored" guest already issued no-strings attached directives to not come back here. He comes back anyway.

Addressed in <http://community.gruwup.net/01> --- The Status Of peace building cannot be offered outside of basic human survival, obvious. With the word of POPE FRANCIS in this address.

In this process of a dialogue through the window, he attempts to negotiate a shower and return of his bag of clothes that he said left in the closet. He never left anything here.

And in the here and now he not able to use the intercom code, it was changed, he knocks on my window while I was by myself here --- happen to be completely nude with no patience for this bullshit --- I called my mother.

THERE IS NOTHING TO STOP THESE PEOPLE FROM THEIR AGENDA DISTURBING ME. They have not the RIGHT TO DISTURB ME IN THIS SITUATION.!

They are deceitful, and who the hell is at the master controls of this harassment game that has been going on for over a year.

I am going to find out.

SO FAR YOUR LACK OF SHOWING INTEGRITY SERVES YOU NO GOOD CAUSE SO FAR THAT YOU ARE INDEPENDENT OF THAT MASTERFUL MANIPULATOR.

AFTER I HAVE TO WRITE OUT THE ADDRESS OF THE ISSUES THESE TWO WEEKS. you have read every word and listened to every community spoken voice peace building

address --- for which I directed to Barack Obama and The Pope today.

YOU GET NO CHANCES BUT ONE, you will promise that you will not dishonor my intelligence and apologize or find someone else you can actually take the BREAK OF OF THEIR "LOVE OF EASE" that is spoken of in the first cited calling (1) of change in these addresses.

(1) [Eulogy of Robert F. Kennedy of June 1968 \[Audio mp3 \]](#) through (2) [Marlon Riggs' Introduction To Standards V5N1 \[Audio Pt1 Audio Pt2 Audio Conclusive Importance : Audio Accreditation \]](#) through current era date by (3) [Pope Francis Address To Congress September 2015 \[Audio Mp3 \]](#) and now (4) [President Barack Obama most recent of Sunday July 10th 2016](#) to LISTEN TO ONE ANOTHER and (5) [Hillary Clinton](#) calls for a change in the indifference called upon our communities,.

I am going to find out who is at the master's controls. You better get the word out, does some have to get arrested?

---[From above link (1)]---

Surely, this bond of common faith, this bond of common goal, can begin to teach us something. Surely, we can learn, at least, to look at those around us as fellow men. And surely we can begin to work a little harder to bind up the wounds among us and to become in our own hearts brothers and countrymen once again. The answer is to rely on youth -- not a time of life but a state of mind, a temper of the will, a quality of imagination, a predominance of courage over timidity, of the appetite for adventure over the love of ease. The cruelties and obstacles of this swiftly changing planet will not yield to the obsolete dogmas and outworn slogans. They cannot

be moved by those who cling to a present that is already dying, who prefer the illusion of security to the excitement and danger that come with even the most peaceful progress.

TO WHOM IT MAY CONCERN:

Mr. James Driskill has been a client of mine for Individual Psychotherapy since October 30, 2006. He has been attending Foothill AIDS Project's (FAP) "Living Well With HIV/AIDS" men's Support Group on a weekly basis since September 2006. He was self-referred for Individual Psychotherapy.

Mr. Driskill sought treatment for a high level of stress and anxiety primarily regarding his housing situation. He became homeless in Oakland earlier in 2006 and is currently residing with his family and extended Family in San Bernardino. In addition to his unresolved eviction in Oakland he was not able to secure immediate housing through the AIDS Housing Program in San Bernardino County due to a waiting period for each new applicant. These events resulted in Mr. Driskill experiencing a high level of anger and frustration.

While in both settings of therapy, Men's Support Group or Individual Psychotherapy, Mr. Driskill accepts the fact that he has an upfront, in your face style of confrontation. The men and I have come to realize that his style is primarily a reaction to his extreme level of frustration and we have learned not to be put off by his style. In these affirming settings he has learned to modify his style of confrontation which should continue to improve. I have also been impressed with how Mr. Driskill has sought out resources on how to understand and to cope more effectively while experiencing an almost complete lack of support from agencies and individuals. One such resource was the book "Please Understand Me: Character & Temperament Types", Kiersey, Davis and Bates, Marilyn.

His Mental Health and HIV Health status were both clinically affected by his housing crisis in Oakland and here in San Bernardino. He is currently responding well to the treatments and his prognosis is good. However, I believe that until there is an appropriate resolution (he wants an absolution) of his housing conflicts, he will remain in a vulnerable state regarding his overall HIV and Mental Health status.

Sincerely,

Howard W. Newsom PhD.

Martin,

I am confused by your e-mails and very concerned about your well-being.

I am glad you have the support from family and friends.

It is unclear to me what, if anything, you are asking from me and your case manager?

I will not be able to follow any of the links you have sent as the hospital does not allow this.

I hope you are taking care, can I help you schedule a mental health appointment with someone other than Monica?

I will convert my email directly to spoken voice text .mp3 audio files with the mobile app VoxDox.

Then I will have some other person off the street randomly on video listen to the audio spoken voice text dialogue and see what they have to say about my words written.

It will; read plain as day English. Watch this...

It requires me to place the email file publicly visible [and then index-a ble] online to make it the easy way. I have the patience and the focus to do this.

Is that what you need to be able to understand me?

Some other spoken voice out of words. Do you prefer to listen to a female's voice instead of a male's voice?

I will pick a female voice to speak my words.

It's easy as pie and it's free.

I may have a typo here and there, but spoken voice will be clear as a bell what word applies to the sentence like normal people can do and interact online.

I have re-read my email. In a tone of words, I am angry.

Sure that is true!!!

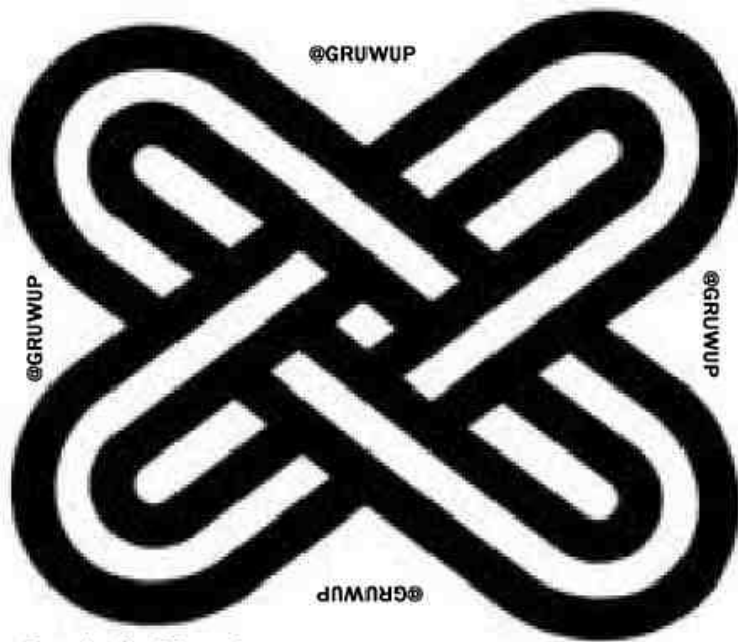

You are playing dumb when you are not dumb. I asked simply if you could not handle what I am saying, you need to find someone else in your organization who can.

I will do every single procedural technical process of placing order to disordered responses. I have the ability to do this easy as pie.

Your online folder is stored here:

<http://meme.gruwup.net/%23Kramobone-The.Good/%23James.Martin.Driskill/%23Uch-HealthCare-Collective/%23Tracy.Scott/>

Kramobone is an Adinkra Symbol meaning:

yes, you can answer my question here.

Would your restriction to links also restrict you from materials on your own partnerships domains? If so I will contact the office of the PRESIDENT of the UNIVERSITY of COLORADO to clarify your policies. Without the interface, you are not providing me a client-client approach to my goals and my experiences already so far that you can incorporate in your knowing what is reality or not.

Let me see if I can get some common wisdom understanding. The standar d to which you are holding on to here is not client-centered enough for me to interface my both my goals and my accomplishments to you for you to properly assess my mental state, apparently.

This link is one I have already mentioned to you — appears as a HIV/AIDS relevancy of issues match.

Until that misguided assessment is revoked and reassessed properly , I will continue to write out words written to the defense of my life and my liberty and my my pursuit of happiness. Thank you much.

--- written below ---

I will be contacting the OFFICE OF THE PRESIDENT OF THE UNIVERSITY, I GUESS.

This will be my second attempt to get this question answered. It is not going unanswered. Next week deadline Wednesday and Ms Scott's folder currently under definition of mine folder goes to the boldest declaration of

 #Kramobone-The.Bad/

And we know this folder exists. I want to remove entirely my health care from the UNIVERSITY System because they cannot oblige by their own mission.

I got you all by smarter wiser days are united not divided. I really do not want that to be the end game here and happen.

So you think this is amateur hour I guess. These are absolutes of the mission of the world and of the UNITED STATES OF AMERICA.

You all know I am an expert at these materials, right?

How ridiculous you sound responding -- STOP I CAN'T ACCESS THE TRUTH!

Obliviously, you can't handle the truth.

But I can.

That is what is @RealUpHUMAN is all about.

As each and every day passes, my LinkedIn post gets read and I am connected to more and more people in my network on LinkedIn.

When are you going to concede the truth and set this discriminatory disenfranchisement paradigm against me free from your insolence.

These are ages old debates of arguments..

You all went to college. Or did you not?
These all have the equations of solutions upon us all.
As notable Shakespeare notation for one.

Your side needs to swap and get some intelligence.

You are looking lesser the lesser wiser and more and more a fool.

Blessed Be.

This debate is getting rather weary and dreary of things I pull up into view justifying my position is of merit worth a second attempt of reflection downward upon you.

It my life after-all I am here in these words fighting in defense for.

The assessment I was delusional, and grandiose to impede my way.

These emails of the past weeks is what you receive when you do that action of dishonor.

Until that misguided assessment is evoked and reassessed properly , I will continue to write out words written to the defense of my life and my liberty and my my pursuit of happiness. Thank you much.

No, you are not idiots.
Yes, you are are hypocrites.
